## The hottest season has come

The heat continues every day. I am happy to think the parents and kids spend each day well and energetically. Well, we distributed a survey for a "Map of Dangerous Places" to parent. According to the result, the majority answered a flooded road, a narrow road, and not good prospected road between Kakudou-shita to Sadohara. Moreover, there are some suggestions from parents about 5 dangerous places where one could drown. (refer to the photo)

Nakagumi ( Otori River )

Tell your kids to be careful and keep out.

## Swim Meet

It was nice sunny day. The swim meet was held on Thu, July 10. All kids displayed their training, and swam very hard. There were many parents rooting for the kids at the pool side.

## PTA Volunteer

On Sat, July. 26th, PTA Volunteer with some PTA staffs and teachers was held in order to get rid of many pigeon's droppings.

We were in trouble it long time, but they filled up the hole of wall, and finish. It took a long time at night.

We really appreciate all of the materials that were offered by PTA president Ichitubo and Muraoka Building Contractor's Office.

In the middle of summer vacation, can you see your kids lose interest in their studies ? The way kids spend their summer vacation affects their studies and life next trimester. Would you watch your kid's study together ?

In our school, there are some kids who are home schooled. We hope you have a safe and enjoyable rest of the month.
